Good afternoon Emmanuelle,

Please see attached chain of custody for the First Mesa Consolidated Village, they submitted the Arsenic samples and we had to order a new Arsenic lamp, which we did receive yesterday. Needless to say we are running a bit behind on Arsenic testing and we will get these analyzed ASAP for First Mesa. Please let me know if you have any questions ☺

Thank you very much for your business. If you have any questions, please do not hesitate to contact me.

Our customers are the greatest, have a blessed day!
